Conclusion:

	1/3/2016	12/28/2014	12/29/2013
Liquidity			
Current Ratio	1.5	1.5	1.3
Solvency			
Debt to Asset Ratio	42%	50%	56%
Profitability			
Gross Profit Rate	29%	29%	30%

Current Ratio >1 company is able to pay its obligations.

Debt to Asset Ratio means that amount of total assets that are financed by creditors instead of investors decreases each year.

Gross Profit Rate means the company may reduce the selling price of its products by 29-30% without incurring any loss.
